**Attn: All Bidders**

## **ADDENDUM 1**

**Procurement Reference No: ONB/001/22-23**

**Selection of Consultant for Setting Up of Port Louis Cultural and Artistic trail**

**(a) Request from Bidder:** Landscape Architect:

The works described fall within the scope of an Architect / Urban Designer, and not a Landscape Architect. Landscape Architects do not produce architectural drawings and are not registered with the Professional Architects Council (PAC). This exercise should be led by an Architect/Urban Designer and not a Landscape Architect.

**Reply:**

It is maintained that a Landscape Architect is required but not necessarily registered with the Professional Architects Council (PAC).

**(b) Request from Bidder:** What is the difference between Historian and Personnel with good knowledge of the cultural heritage of Mauritius? Does the Historian not fulfill both roles?

**Reply:**

There is no objection if one person can fulfill both roles.

Thank You.
